ONLINE GROUP THERAPY – IN ENGLISH

Welcome to online group therapy in english. Wish to join?

There is no particular theme for this therapy group - we will see what emerges and address whatever appears in the here & now.

This is a closed group with a maximum size of eight participants and a minimum of four. We will meet seven times, with a duration of 2 hours each time, giving those with full attendance 14 hours of group therapy.

This group is initially an offer for international students at NGI, but it is open for other students who wish to experience an english speaking group.
